

**ECO-RATIONS**  
**RANGE**

**OUR ECO-RATIONS ARE THE PERFECT  
PROMOTIONAL GIFTS FOR THIS  
CHRISTMAS AND CAN BE USED FOR  
MANY CHRISTMASSES TO COME.**

Designed and produced in the UK from the revolutionary  
rHIPS.b, a recycled & biodegradable plastic.

# PLANET POSITIVE PROMISE

This promise highlights our continued focus regarding the impact our business, manufacturing processes and recycled products have on the environment and fuels our commitment to making a difference for years to come.

## ***This is achieved by:***

1. Creating environmentally conscious merchandise using rHIPS.b and recycled plastic.
2. Only ever using recycled materials.
3. Listening to the industry and designing products to enhance the market in a timely manner.
4. Embracing innovation and investment across all aspects, from people to in-house printing technology.
5. Developing high quality seasonal products, offering convenient design options, whilst considering their environmental impact throughout the whole manufacturing process.

# ***INFO ON OUR ECO-RATIONS RANGE***

Our Eco-rations range showcases a new generation of recycled plastic Christmas tree decorations completely made from recycled materials which are all designed and produced in the UK - whilst always being mindful of their environmental impact.

The range features 'Classic' 2.5D products available in 8 Christmas themed designs and include branding areas on both sides and the 'Plus' lines which are 3D, have doubled sided design areas and come in their own recycled cardboard box.

Our 'Plus' products are digitally printed in full colour CMYK as standard. All you need to do is add a business logo or message and away you go. For convenience, our 2.5D 'Classic' range offers print ready designs, digitally printed in CMYK, ensuring a professional look to your chosen decoration.

With a new MOQ of only 25 units per product line for this season, get ahead of the competition and place your orders today!

# WHAT IS *rHIPS.b*?

To ensure the products we manufacture for the industry are always Planet Positive, this range is produced in both *rHIPS.b* and 100% recycled plastic.

## **What is *rHIPS.b*?**

Made from 100% recycled polymers - including all in-house waste products - it features a biodegradable additive that speeds up the natural biodegradable process of plastic\*.

Why it's used? There's no virgin material incorporated, resulting in a biodegradable product that's available in five natural flecked colours and designed and produced in the UK.

\*The material has been tested in line with ASTM D5511 (6.4% biodegradation after 45 days of testing) and ASTM B5511 certification (the industry standard test method for determining anaerobic biodegradation of plastic materials under high-solids anaerobic-digestion conditions).

# FULL RANGE INFO

✓ New for this Christmas season the MOQ is now only 25 pieces, so perfect as a promotional gift for businesses of all sizes.

---

✓ All products are made in the UK.

---

✓ The range includes 2 'Plus' designs which are 3D and the 8 'Classic' designs which are printed to have a 2.5D effect using relief moulding, giving a subtle textured finish. Coupled with full colour print these decorations really pop!

✓ 'Plus' designs come in their own individual recycled cardboard box.

---

✓ All products are digitally printed in full colour CMYK as standard.

---

✓ Eco-rations products are available in both rHIPS.b offering the option of 5 shades and 100% recycled plastic in 8 standard colours.

---

✓ High volumes of stock always held in rHips.b Tor and 100% recycled White, enabling a quick 5-day turn-around.

---

✓ Other colours made to order within 3 weeks: rHIPS.b shades Sand, Sky, Seaweed and Buoy and 100% coloured recycled plastic.

# OUR ECO MOTO RANGE

Our updated Eco-Moto range has been created to ensure each product puts the user in the driving seat this winter - excuse the pun!

We have listened to the industry and in response, designed products that are practical for everyday use, are tailored specifically for motorists, whilst also being environmentally friendly.

The use of rHIPS.b or 100% recycled plastic doesn't compromise the function or durability of the products in the Eco Moto range and reinforces our commitment to a greener planet.

Designs in the range now use up to 15% less material than previous models and no glue used in their in-house assembly. We've redesigned the range to improve user comfort and function, whilst maintaining fantastic branding areas.

Tor and 100% recycled White plastic colourways can be delivered in 5 days\* from proof sign off. Other standard colours delivered within 3 weeks\*.
